"It's a Sin"

1 Introduction

Thanks to the Power of Leslie Lamport's[1] typesetting system LaTeX[2] (based on Donald E. Knuth's[3] TeX[4]), I was able to create this document[5] in less than 60 minutes[6] [7]. As you can see, LaTeX produces PDF[8] output ready for printing[9] (comparable in quality to the work of a professional typesetter[10]!) and is therefore far superior to any WYSIWYG[11] software like ©Microsoft Word[12] (or its *open source* equivalent *LibreOffice*[13] - remember the famous quote by *Linux*[14]-creator Linus Benedict Torvalds[15]: "Software[16] is like Sex[17] - it's better when it's free[18]").

So now enjoy the great lyrics of the great song "It's a Sin" [23] by the Pet Shop Boys [21], [22]! :-D

2 "It's a Sin" by the Pet Shop Boys - lyrics

{Twenty seconds and counting
T-minus fifteen seconds, guidance is okay}

When I look back upon my life
It's always with a sense of shame
I've always been the one to blame
For everything I long to do
No matter when or where or who
Has one thing in common, too

It's a, it's a, it's a, it's a sin
It's a sin
Everything I've ever done
Everything I ever do
Every place, I've ever been
Everywhere I'm going to
It's a sin

At school they taught me how to be
So pure in thought and word and deed
They didn't quite succeed
For everything I long to do
No matter when or where or who
Has one thing in common, too

It's a, it's a, it's a, it's a sin
It's a sin
Everything I've ever done
Everything I ever do
Every place I've ever been
Everywhere I'm going to
It's a sin

Father, forgive me, I tried not to do it
Turned over a new leaf, then tore right through it
Whatever you taught me, I didn't believe it
Father, you fought me, 'cause I didn't care
And I still don't understand

So I look back upon my life
Forever with a sense of shame
I've always been the one to blame
For everything I long to do
No matter when or where or who
Has one thing in common, too

It's a, it's a, it's a, it's a sin
It's a sin
Everything I've ever done
Everything I ever do
Every place I've ever been
Everywhere I'm going to, it's a sin
It's a, it's a, it's a, it's a sin
It's a, it's a, it's a, it's a sin

Confiteor Deo omnipotenti vobis fratres, quia peccavi nimis cogitatione
Verbo, opere et omissione, mea culpa, mea culpa, mea maxima culpa

{Zero!}
